

ISIS2017

THE 18TH INTERNATIONAL SYMPOSIUM ON ADVANCED INTELLIGENT SYSTEMS

OCTOBER 11-14, 2017 EXCO in DAEGU, REPUBLIC OF KOREA

http://www.isis2017.org

TOPICS

The symposium topics include, but are not limited to;

- · Artificial Intelligence
- · Fuzzy Logic and Reasoning
- · Neural Networks
- · Neuro-Fuzzy Systems
- · Genetic/Evolutionary Algorithms
- · Machine Learning
- · Computational Intelligence
- · Data Mining
- · Big Data Analysis
- · Learning and Adaptive Systems
- Multi-Agent Systems
- · Information Fusion
- Cognitive Modeling
- Mathematical Models
- · Intelligent Control and Robotics
- Intelligent Manufacturing Systems
- Hardware/Software Co-Design
- Ubiquitous Computing
- Vision and Sensors
- · Fault Detection and Diagnosis
- Bioinformatics
- Technology Innovation
- R&D Design Management
- · Management Production Systems
- Intelligent Property
- · Rehabilitation Systems

We are pleased to invite you to the 18th International Symposium on Advanced Intelligent Systems (ISIS2017) which will be held on October 11-14, 2017 at EXCO in Daegu, South Korea.

The ISIS2017 will provide all the presenters and participants with a great opportunity to present and discuss the latest accomplishments, challenges, and future directions in the field of advanced intelligent systems.

IMPORTANT DATES

Proposal (Workshop/Organized Session)	June 25, 2017
Paper Submission	August 15, 2017
Notification of Acceptance	August 31, 2017
Final Paper Submission	
Early Bird Registration	
Last Date for Online Registration	September 3, 2017
Conference	October 11-14, 2017

LOCATION

Daegu is one of the largest city in South Korea with over 2.5 million residents. It is located in south-eastern of Korea about 290 kilometers and 110 minutes by high speed train, KTX from Seoul and about 110 kilometers and 45 minutes by KTX from Busan.

Daegu is also known as "Apple City" and "Textile City," currently focusing on fostering fashion and high-tech industries. Daegu was the host city of the 7th World Water Forum of 2015, the 22nd World Energy Congress of 2013, the 2011 World Championships in Athletics, and the 2003 Summer Universidae.

TECHNICAL-NETWORKING AND SOCIAL TOURS (OCTOBER 14)

1. TOUR TO GYEONG-JU

The City of Gyeong-ju has an important and rich history. For centuries, the city served as the capital of the Silla Dynasty (57-935 BC), the longest period of reign in the history of Korea. Even today, you'll find ancient landmarks blanketing the city. These ancient relics are such an integral part of the landscape that is commonly known as the "museum without walls."

2. TOUR TO DAEGU

Daegu has many traditional tourist attractions such as Bullo-dong Ancient Tomb Park, the largest concentration of ancient tombs in Korea and Bangija Brassware Museum, one of Korea's traditional cultural properties.
